

Anubhuthi – eCo Retreat

Get away from it all on a romantic “Anugraha Eco Retreat” in your own individually designed appointment with the nature. Comfort, wellbeing and tranquillity in harmony with a beautiful natural environment – in the heart of the eco - environment. Anugraha Eco Retreats offer canvas holidays in a wonderfully relaxing way to escape the pressures of modern life.

We normally conduct our Eco Retreats at sites located in a breathtakingly beautiful valley, deep in the heart of the forest; one of the beautiful rejuvenating spot of your life. Here you’ll find the perfect place to unwind and enjoy the tranquillity of the natural surroundings, far removed from the outside world. We have been offering such retreats and we have a wealth of experience in ensuring that you enjoy a magical and refreshing stay.

You really can make the most of the space to relax and reconnect to yourself and your loved ones, whether you’re enjoying a discussion or any activities with the whole family, just coming with your partner or simply seeking a peaceful retreat by yourself.

We combine the joy of living deep in the natural world with the luxury of a well-equipped and lovingly furnished space. In this retreat you will find everything you need for a restful stay, including a fire both inside and out, stoved food for mind and the body.

To help you fully unwind we also offer the benefits of holistic therapy. As part of our full package you can receive a gentle therapy session, usually prana vidhya, meditation, massage and also take part in a spiritual discussion.

We are passionate in our commitment to the environment, in particular the land where we are living to grow, and really hope to give you the chance to rediscover the magic of nature.
