

If we do not do what we cannot do,  
there is no problem.  
But if we do not do what we can do,  
then there will be many problems.

Don't Just Build Leaders...Build Commandos...  
Build Value Creators!  
Developing battle field executives

How are you feeling about your business?  
What about people in the organization?  
Do you have a focused and inspired team?  
Is everyone clear about the vision, purpose and values of individual roles and responsibilities?  
Our guess is that most of you need a better executive ---- a Commando... a Value Creator!

Life is mostly froth and bubble, two things stand like a rock, Kindness in another's trouble and Courage in our own. Values such as **Cheerfulness, Determination, Unselfishness and Courage** define a **Corporate Commando**. This is the commando qualities that every executive should aim to live up to. They form the bedrock of a healthy attitude to all aspects of life - and we capture them very succinctly, just for you and your executives.

This initiative provides the compelling evidence that the Commando activities works in business and it has something to contribute.

**Corporate Commando** is a one day non-residential retreat (outbound activities). It is a unique blend of values and corporate wisdom. It is a rare opportunity to slow down hectic work schedule and start introspecting: to observe, reflect, and take time out purposefully. This one day executive retreat offers a unique opportunity to be amongst a group of executives and unwind, discover the undercurrents influencing our choices, and determine what is most important in our life.

In this series we offer **Corporate Commando** an action packed learning opportunity for your executives in action.

This initiative will make you what you are, we all have much to learn from it. It is insightful, focused on execution and anchored in reality. This clearly lays out what organizations need to do in order to deliver extraordinary top line growth. This brings the vision, purpose and values of a military commando to the business execution world.

### The **Corporate Commando**

program challenges the toughest of your executives to complete tasks in conditions that assimilate as close as possible, to front line battle scenarios and highly volatile situations. Add into the mix that they are tested when they are physically and mentally drained, and sleep deprived, and they might have some sort of idea of what it is like to truly be able to perform under such adversity.

Test the true individual behind the behaviour

The **Corporate Commando** initiative gives your participants the knowledge to lead the organization's efforts to understand their impact on value creation, such as developing a healthy organizational culture, revenue - generating efforts, impact to your organizations economic model and thrive in a culture built as a strategic weapon in the customer place. Each participant will be able to Learn, Experiment and Apply simple tools and processes immediately upon successful learning.

The **Corporate Commando** is better equipped to meet the challenges of an unstable and uncertain business world. When people experience the commando activities they are equipped to expect and deal with unexpected. The unexpected is what every business leader have to deal with everyday. **Corporate Commando** activities are directly applied to improve the performance at the level of self, family, profession, society, nation and universe.

The initiative will create a totally inspired, high - performance and no - nonsense team poised to create success. The Initiate is open for a select group of limited executives only.

**Corporate Commando** retreat is a unique blend of commando exercises with introspective correctional action.

Your Supervisors, Team leaders, Managers, Departmental heads and Potential performers can participate in

**Corporate Commando** retreat. This is a wonderful opportunity to use as a business development tool also. You can motivate your key suppliers, customers, employees and business associates by sponsoring them into this initiative.

Do you want to see a team of value creating

**Corporate Commandos** in your organization?
